

Weekly Report

Yuxin Ma

06.06.2016 - 06.12.2016

This week I focused on the revision work of VIS 2016 paper.

Projects

VIS 2016 Revision

Besides the revision plan I mainly read all the codes delivered by Zhendong and made a note about the architecture and discussed with Zhu Biao about the revision plan.

Visual SVM

This week I changed the paper template to TKDE format and re-organized the sections.

Plan for the Next Week

- Revise the VIS 2016 paper according to the revision plan;
- write another patent.
